Nyiko Transport, a leading coal transport company in South Africa, is dedicated to providing top-tier logistics and transportation solutions to the coal industry. As a subsidiary of NG Global Energy Solutions, we leverage extensive industry experience and cutting-edge technology to ensure the safe, efficient, and reliable delivery of coal across the nation.

Our Mission

Our mission at Nyiko Transport is to be the preferred coal transportation partner in South Africa. We strive to deliver exceptional service, prioritizing safety, punctuality, and reliability in every project we undertake.

Why Choose Us?

We are committed to understanding the specific needs of our clients and delivering customized solutions that add value to their operations. By prioritizing safety, reliability, and efficiency, Nyiko Transport aims to be your trusted partner in coal transportation.

Our Best Service

Coal Haulage

Specializing in the transportation of coal from mines to power plants, industrial facilities, and export terminals.

Fleet Management

Maintaining a modern and well-equipped fleet to ensure the safe and timely delivery of coal. We currently have 10 Scania side tipper links.

Anthra Siding

NG Global is managing all day-to-day activities at the site, ensuring streamlined operations, enhanced efficiency, and strict compliance with safety and environmental standards. The siding is a strategic point for bulk commodity movement, and this development strengthens NG Global's growing footprint in the region.
